Instructor Policies

Students are responsible for adhering to all LSCPA policies, rules, and regulations including completing internship paperwork and meeting all deadlines given by the Faculty Coordinator.

~ Students are responsible for adhering to all Facility policies, rules, and regulations including the time to arrive at internship and the number of hours to be worked each week.

~ I will not discuss your grades over the phone or by e-mail. If you want to discuss your grades, you must come to my office in person or schedule a virtual meeting on TEAMS.

~ Homework assignments will be given each week. Not all homework may be graded.

~ **LATE WORK is not encouraged. Only accepted with instructor approval at instructor discretion. Due dates are given and enough time is given to complete all work.**

~ Academic Policies: Academic dishonesty will result in a zero on any academic work or exam in question; a second incidence of academic dishonesty on any academic work or exam in question will be handled based on campus policies and procedures with the department chair. This could result in the student being given an "F" for the course.

~ E-Mail/Voice Mail Etiquette: Students must use appropriate e-mail etiquette when corresponding with instructor; for example, complete sentences and a full subject line with your name/course name. Voice mail messages should be clearly spoken identifying students name, course, and any return phone number.

~ Students must adhere to the dress code and other policies of their internship location (i.e., scrubs, no denim, etc.). Students must notify internship supervisor and instructor regarding absences. It is the student's responsibility to make up any missing hours. All internship hours must be completed by noon on the final exam day.

Attendance Policy

Students must work a minimum of 10-13 hours per week for a period of 15 weeks (or the length of the semester). The students must have completed 160 hours by the last day of classes of the semester. Students may not work 20 or more hours per week and end the semester early. Students must work all semester in order to receive a more beneficial learning experience.

~ Poor attendance is a leading reason for termination from a job in all areas of employment. With this factor in mind, the instructor monitors student attendance. In addition, attendance on a regular basis is necessary for proper skill development.

~ To be successful in this course, the student MUST log into BlackBoard at least 2-3 times weekly. Regular, reliable access to BlackBoard via Internet is required for this online course. Attendance is monitored via Blackboard reports of logins and interaction with course through certification of hours sheets submitted.
