Grading Scale

**Determination of
Final Grade**

Inquisitive Assignments: Students will complete Inquisitive assignments covering the chapters for the week. The assignments together are worth 10% of the student's final grade. These assignments are graded for completion and are designed to help you learn the material and prepare for the exams. They will be due Monday or Friday

Graded Homework: Students will have graded homework assignment per week covering the chapters covered that week. The homework assignments will be due Monday or Friday and together are worth 20% of the student's final grade.

Writing Assignments: You will have several writing assignment worth 10% of your grade. You will be expected to submit 2 3-5 double-spaces, Times New Roman 12 font pages of your own writing.

Exams: Students will take 4 timed exams, each worth 10% of the student's final grade. Each exam will cover the readings and assignments for a segment of the course—the fourth exam is not cumulative. These exams will be taken in class, and may cover the whole class period.

Discussions: This is a critical thinking component of the course. The discussions will happen in Blackboard and are worth 10 % of your grade.

FRED: These assignments involve creating graphs and analyzing the results. They are worth 10 % of your grade.

Instructor Policies

All Email Communication must come from an @lamarpa.edu email address from the student enrolled in this course. I am unable to respond to any emails from outside parties.

Instructor will respond to emails through official avenues only, this includes office phone, lamarpa.edu email and Bookings messages and meeting requests.

DO NOT add or message your instructor on ANY social media platform.

DO NOT call or text your instructor on a personal line, this information is not readily available to the public and will be considered Stalking.

Emails Must contain the students name, class section, and a detailed description of their question written in complete sentences. Please include screenshots when appropriate.

I will not discuss your grade via email

Instructor will respond to emails in the order they are received. Instructor will not be available to respond to emails outside of regular working hours (9am-4pm M-F). Emails sent outside of these hours may take up to two business days for a response.

Make up work: Every student gets 2 graded assignment extensions. The student must notify me before the assignment is due. For example, if the assignment is due on a Monday, they can turn it in the following day, without incurring a zero. At the end of the semester, the student will receive extra credit for any extensions they have not used.

Documented medical needs and emergencies are required if a student is unable to take an exam or complete a graded assignment outside of the grace period.

Extra Credit: Do not ask me for extra credit

Academic Honesty: Any written assignment must be written by YOU!! There is no outside assistance allowed. If you are not sure about what a graded assignment do not hesitate to contact me.

Any graded assignment in this class must be written by the student enrolled in the class without any outside help. A first offense will result in a 0 grade for the assignment, and a second offence will result in failure of the course. Ignorance is not a defense

Do not copy from another student, or do you share your work with another student. The first offense will result in a 0 grade for the assignment, and a second offence will result in failure of the course. Ignorance is not a defense.

If you have completed a test and share information with another student, you and that student will receive a zero on the test. A second offence will result in failure of the course. Ignorance is not a defense.

Artificial Intelligence is a growing concern whether it is at the high school or college level, and we will discuss this matter together as a class; using AI to generate your work will not be tolerated, and we have programs to determine writing that is human generated vs. AI generated.

Attendance Policy

Regular attendance in this class is mandatory. You are expected to attend every class session. I do realize that your role as a high school student may cause you to miss class. However, it is up to you to make sure that you are caught up on the classwork, and turn the assignments in on time.

Being tardy for class can have a significant impact on your grade, and other student's grades. I will be here in class, so I expect you to be. You may decide to show up in time, and then decide you have to use the restroom. If you return past the start time for the class, you will be considered tardy. If you have time to socialize, text, chill before you come to class, you most definitely have the ability to show up for class on time.

Each time you are tardy, you disrupt the class, your grade, and your fellow students' grades.

There are times when the building may have to be evacuated. For this reason, there will be a record sheet that you will have to sign when leaving and coming back from the restroom. If something does happen, it will be easier to keep track of where everyone is. In addition, the restroom be used, once a student has returned back to the classroom

Additional Information

During class, you are expected to behave in a mature and responsible manner. Cellphone use or abuse of computers during class time will not be tolerated, and anyone in violation of this rule will lose out on their participation grade for the day; Additionally, I will notify the school of anyone using or misusing their phones/computers in my class, which may result in additional penalty such as exclusions from extracurricular activities

If you engage in behavior is harassing or incites fear, you will be asked to leave the class, and this may result in expulsion from the course. If you attack myself or another student personally, use offensive, racist, or discriminatory language, you will be asked to leave the class, and this may result in expulsion from the course. Having side conversations with each other may seem like a worthwhile way to pass the time. However, this is distracting to me and the other students. If you are asked to refrain from such an action, and choose to ignore it, you will be asked to leave the class. Continued behavior that interrupts the flow of the class, may result in expulsion from the course.

Institutional Policies

MyLSCPA	Be sure to check your campus email and Course Homepage using MyLSCPA campus web portal. You can also access your grades, transcripts, academic advisors, degree progress, and other services through MyLSCPA .
Academic Honesty	Academic honesty is expected from all students, and dishonesty in any form will not be tolerated. Please consult the LSCPA policies (Academic Dishonesty section in the Student Handbook) for consequences of academic dishonesty.
ADA Considerations	The Americans with Disabilities Act (ADA) is a federal anti-discrimination statute that provides comprehensive civil rights for persons with disabilities.
