Introduction to Health Professions, HPRS 1201-71B consists of online Instruction and student participation. Schedules may be changed at the discretion of the Faculty. Research has shown a cause-and-effect relationship between attendance and college success. All attendance policies are in effect regardless of whether conducted online, in the classroom, lab, or clinical setting. Policies for this course are described below:

Because poor attendance is a leading reason for termination from a job in all areas of employment, regular attendance is expected

1. A student who is absent from course activities for more than three (3) days without notification to the faculty may be dropped from the program by the Program Director. Students will be counted absent for failure to maintain regular login and participation routines.
2. It is the student's responsibility to notify the Instructor of any absence from a major assignment. If the student is unable to contact the instructor(s), the student should call 409-984-6356 or 1-800-477-5872 ext. 6356. The student should also email the faculty or call the faculty office and leave a voicemail.
4. In addition to notifying instructors, students must submit a Student Excuse Form, upon the first day of return, each time the student is absent. Failure to complete the Student Excuse Form will result in a declaration of a 'No Call, No Show' for the number of days absent and may result in the student being dismissed from the program.
